"SAVE IT WITH ICE"

SOUPS

The average American housewife does not appreciate the all-around value of soup on the daily menu. A good soup is not only appetizing and nourishing, but serves as a splendid aid to digestion—and, moreover—proves an effectual reducer of the family "budget."

If a good "stock" is kept constantly on hand, a soup "first course" for dinner, or a heavier soup that will serve as the main dish for luncheon, is an easy matter to accomplish.

The motto of the soup-maker should be—"Good, strong, GREASELESS stock." All meat stocks should be allowed to get perfectly cold, and then skimmed of every vestige of fat.

A Good Soup Stock

Put 4 lbs. of beef marrow bones, well cracked, 1 lb. of coarse lean beef, chopped as for beef tea, and 1 lb. of lean veal in a large pot with 7 qts. of cold water. Add 1 large onion, 1 carrot, 1 turnip, 6 small stalks of "second class" celery, and a cabbage leaf, all cut in small pieces. Cover closely. Do not let water reach the scalding point for an hour, then simmer slowly for 6 hours. Remove from stove and season. Next day, remove all fat, strain out bones and vegetables, pressing hard to extract all the nourishment, and place in ice box, using as needed. Many soups and broths can be founded on this stock.—MRS. J. DYRE MOYER.

"Left-Over" Stock

Save all bones of cooked meats, left from the carving, also the grisly parts of roasts and steaks, and cold vegetables, adding even a baked apple now and then. About twice a week, put all in the stock-pot, cracking the bones well, cover deep with cold water, and cook

slowly until the liquid is reduced to one-half the original quantity. Season to taste and strain, pressing hard. Skim when cold. Barley, rice, tomatoes—in fact almost any vegetable or cereal can be added to this stock.—Contributed.

Cream of Asparagus

Press the asparagus through sieve, and add required quantity of milk. Season with salt, pepper, and a little celery, and thicken with cornstarch. Serve with narrow toast fingers, sprinkled with grated cheese.—MRS. JOHN R. HOWARTH.

Cream of Celery

Cut up two stalks of celery, add the leaves, with just enough cold water to cover, and stew to a pulp. Add salt, pepper and a slice of onion, minced fine, and cook till tender. Half an hour before serving, add a quart of rich milk (heated), and simmer five minutes. Strain, and thicken slightly with a level tbsps. of flour blended with the same quantity of melted butter. Cook until smooth, and strain again before serving.—MRS. J. DYRE MOYER.

Clam Chowder

Fry 2 slices of bacon lightly, in pot, then remove, and add several slices of onion to the fat. Cut 6 potatoes in small dice, and place a layer in pot, then a layer of chopped clams and small bits of bacon; then add a layer of broken crackers. Sprinkle with salt and pepper. Fill pot in this layer manner. Add clam juice and water enough to more than cover. Cook until potatoes are done. Just before serving, add 1 pt. hot milk. Serves six.—MRS. H. R. JOHNSON.

Clam Chowder

Boil 15 finely-chopped clams in 1½ qts. water for ½ hour. Cut in pieces and add 1 large onion, 1 carrot, 4 tomatoes (or 1 can), and 4 potatoes, and boil ½ hour longer. Season with salt, pepper and parsley, thicken with 1½ tbsps. flour, mixed with butter (size of an egg) and before serving add 1 pt. hot milk.—MRS. W. R. PUGH.

Ox Tail Soup

Cut an ox-tail into joints, and fry brown in soup-pot, in good dripping. Remove, and fry 3 sliced onions and 2 carrots in the fat. Drop in some thyme and parsley, tied in a lace bag. Add the tail and 2 lbs. lean beef cut in strips. Sprinkle with 2 grated carrots, add 4 qts. cold water, and boil slowly 4 hrs. Strain, add salt and pepper, and thicken with browned flour, wet with cold water. Boil 15 min. longer, and serve.—MRS. H. R. JOHNSON.

Oyster Stew

Cook oysters with some of their juice, a little cold water, and a good-sized piece of butter, until they ruffle enough to have cooked through, seasoning when done. Add sufficient milk, bring to scalding point, and serve.—MRS. C. R. BRUMFIELD.

Rumford baking powder, work in egg-sized piece of lard, and enough milk to make soft dough. Thicken remaining broth and serve over pie.

Baked Chicken Pot Pie

Line the bottom and sides of a buttered baking dish with rich pastry, reserving enough for top crust and for squares to be scattered through pie. Cut up a large, tender fowl and $\frac{1}{2}$ lb. of lean salt pork; place a layer of the pork in dish, pepper it and cover with chicken, and lay pastry squares or dumplings on top. (If using potatoes, also, slice and parboil them, and place on the pastry squares.) Continue this layer method till chicken is all used. Cover the dish with thickly-rolled pastry, and bake very slowly 2 hrs. Turn out on large dish, with the lower crust up, and the gravy around it. (Chop 3 hard boiled eggs and stew among the chicken.)—MRS. P. J. DONNELLY.

Beef Pie With Potato Crust

Mince some rare roast beef or cold corned beef, season with salt and pepper, and put in layers in a buttered pudding dish, alternating with layers of mashed potatoes, sprinkled thickly with bits of butter. For the crust, take a large cupful of mashed potatoes, add 2 tbsps. melted butter, a well-beaten egg, and 2 cups of milk. Beat till very light, then work in enough flour to make rolling out possible. Place thickly over the meat and potatoes after a gravy made of warm water, butter, milk and catsup, mixed with cold gravy or drippings from the roast, has been added to the dish, and bake. This potato crust is very good and wholesome, and looks well if brushed with beaten egg white, before serving.—MRS. P. J. DONNELLY.

Mutton Cutlets, Baked

Cut them from the neck, and trim neatly, saving the bits of meat and bone trimmings for gravy. Pour a little melted butter over the cutlets (keeping them warm enough to keep butter from hardening), then dip each in beaten egg, roll in cracker crumbs, and place in dripping pan, with a very little water. Cover the meat and bone trimmings with cold water, and stew, seasoning with sweet herbs, pepper and salt, and a spoonful of tomato catsup. One qt. of beans. Pare fibre lightly from each side of pods, without breaking through. Lay in cold water $\frac{1}{2}$ hr. Cut each bean into several slanting pieces. Beets a la King

Wash 4 or 5 medium-sized beets very carefully with the palm of the hand, in order not to break the skin. (A beet which has lost its ruddy color through "bleeding" is a distressing sight to the diner, and the flavor is never the same.) The tap-root should be left undisturbed, and several inches of the leaf end allowed to remain. Cook in salted boiling water for about an hour, testing carefully with the finger instead of pricking. When done, drop into cold water and remove skins. Cut into thin slices, and then into fancy shapes with a vegetable cutter, or into cubes. Melt a tbsps. of butter and add to it a tbsps. of flour. When this sizzles add half a cup of water.

THE POTATO

Dietitians disagree as to the food-value of the potato, but rightly or wrongly, it still remains the most-used of vegetables.

Despite this fact, however, all so-called "cooks" cannot properly present it, many dishes of even "plain-boiled," mashed or fried potatoes being unworthy of entertainment by self-respecting stomachs.

"Marion Harland"—long an authority on matters culinary—taught, in substance, the following A, B, C's of Potato Lore.

Parings should be thin; food-value, comeliness, and economy all demand it. The wise cook will also prepare more of the tubers than are immediately needed, thus saving not only next day's patience and fuel, but forehandedly providing the basis for many palatable "left-over" dishes.

Boiled Potatoes a la Harland

In the Skin or Peeled.—Drop uniform-sized potatoes in slightly salted, boiling water, and boil fast until a fork easily pierces the largest. Throw off water immediately, sprinkle well with salt, and set the pot, uncovered, at the back of range, for the potatoes to "dry off." If boiled in the skins, serve that way.

Mashed Potatoes a la Harland

Boil and mash thoroughly, and for at least 5 minutes, whip to a foamy cream with rich, hot milk and melted butter.

French Fried Potatoes a la Harland

Fried potatoes should never be greasy. For "French frying," peel, cut in strips, and lay in iced-water 1 hr. Drain and dry thoroughly, and fry in deep fat, which has been brought to boiling heat gradually. Test fat before frying with a bit of the potato. If it rises to the top and browns almost immediately, the fat is right. Drain the potatoes in heated tissue paper, and serve hot.

French Fritters

Boil 6 large potatoes in salt water, and mash. Add 1 cup milk and 1 pt. flour, stir, and boil 5 min., covered. In a hot pan heat lard, (as for oysters or crullers,) and drop the mixture in by spoonfuls, first dipping the spoon in hot lard. Lay fritters on a platter after frying, and pour over them the frying lard to which a little onion and milk has been added.—PARIS COOKING SCHOOL. (By Mrs. A. Arenz).

Potato Balls

Rice 2 cups of hot boiled potatoes, and mix with 2 tbsps. butter, $\frac{1}{2}$ cup grated cheese, 2 tbsps. milk and the yolks of 2 eggs. Season to taste and fry.—MRS. JOHN R. HOWARTH.

Duchess Potatoes

Boil 6 potatoes and put through sieve. Add 1 gill cream, yolks of 3 eggs, pepper, salt, parsley, and a little grated nutmeg. When smooth and well-mixed, form, by tablespoonfuls, into rounds, brush with beaten egg and brown lightly in oven.—MRS. HENRY J. EDSALL.

PASTRY

Good materials alone will never make good pastry. The real secret of "lightness" lies in the coldness of the ingredients, the freedom from handling, and a steady, hot oven, exposure to whose heat quickly expands the cold air in the paste. Baking powder may, or may not, be used.

The following formula makes a good, plain pastry, the quantity being sufficient for 2 small crusts:—

Sift 1 cup of flour, $\frac{1}{4}$ tsp. Rumford baking powder and $\frac{1}{2}$ tsp. of salt together well. Work in with a knife $\frac{1}{2}$ cup of shortening. (Do not use the fingers, on account of their heat.) Add just enough cold water to hold the ingredients together,—do not knead. Turn out on a slightly-floured board, divide in 2 parts, and roll out lightly. Bake in a hot oven.

Good Pie Crust

Mix 3 cups of flour, $\frac{1}{2}$ tsp. of Rumford baking powder and $\frac{1}{2}$ tsp. salt with 1 cup of lard. Add just enough water to make ingredients stick together, and roll out. If making fruit pie, put the fruit in the oven to get hot while making the pastry, then place the fruit in a deeper pan than is ordinarily used, and cover with a top crust only.—MRS. ELIZABETH S. ROESSLER.

Good Meat-Pie Crust

Mix 3 cups of flour, 3 tsps. of Rumford baking powder, and $\frac{1}{2}$ cup of lard with just enough milk or water to make rolling out possible, and bake in a hot oven.—MRS. ELIZABETH S. ROESSLER.

Aunt Sallie's Pie Crust

Two cups flour, 4 tbsps. lard, 2 tbsps. butter, $\frac{1}{2}$ cup cold water, pinch of salt. Cut up lard and half of butter and mix with flour in a bowl. Add remainder of butter a little at a time while rolling out.—MRS. GEORGE NICE.

Puff Paste

Chop 6 oz. of cold butter into a half-pound of flour until like coarse powder. Wet with a small cupful of iced water, and stir to a paste. Roll out quickly and lightly several times on a chilled board, handling as little as possible. Set on ice for several hours before using, and bake in a hot oven.—L. W. M.

BREAD, ROLLS, BISCUITS, MUFFINS

A Good, Quick Bread

Mash one large potato in 4 cups of water in which potatoes have been boiled, add 1 tblsp. of sugar, 1 tblsp. of salt, and one of lard, heaped. Mix in 4 cups of flour, and beat about 5 minutes, or until it forms bubbles, then add a yeast cake that has been dissolved in a half-cup of cold water. Beat again, then add about 4 cups of flour, or enough to make a stiff dough. Knead 5 minutes, then set in a warm place to rise for about 2 hours or until light. Form into 4 loaves and bake about 45 min. When done, it will give a hollow sound if knocked lightly with the knuckles.—MRS. ELIZABETH S. ROESSLER.

Wheat Bread

One qt. warm water, 1 tablespoon salt, 1 tablespoon lard, 2 tablespoons sugar. Break 1 yeast cake in a glass of warm water, thoroughly dissolve, and put into the above mixture. Put in enough flour to form a batter, beat thoroughly and put in enough flour to knead into a large loaf. Let rise over night. In the morning it should be doubled in size. Knead again into a large loaf; when light divide into 4 loaves. Place in greased pie plates, also grease top of loaves slightly to prevent crust forming while rising. Let rise to almost double their size, then bake in a moderate oven about 45 minutes.—MRS. GEORGE W. HELTINGS.

Rolls

If rolls are desired instead of the four loaves of bread in the last recipe, take two of the loaves when dividing and roll out to $\frac{3}{4}$ inch thickness. Take a large cutter and cut into round cakes; butter one-half and turn over the one-half and fold together. Place in a long bake pan in a warm place to rise. When light bake in a moderate oven about 20 minutes.—MRS. GEORGE W. HELTINGS.

Parker House Rolls

Four cups flour, 1 tspn. salt. 6 tspns. Rumford baking powder, $1\frac{1}{2}$ cups milk, 2 tblspns. shortening. Sift flour, salt and baking powder together. Cut with a biscuit cutter. Crease with a knife each circle beyond the center, butter small section and fold large section well over. Put in greased pan, allow to stand 15 minutes in a warm place, brush each with melted butter and bake in moderate oven for 15 or 20 minutes.—MRS. S. M. WHITAKER.

Four cups flour, 1 teaspoon salt, 3 level tablespoons of Rumford baking powder, 6 tablespoons of sugar, mix and rub in 6 tablespoons butter. Add 1 egg and 1 cup milk. Do not add more flour, just pour into 2 well greased and floured jelly tins. Add 1 tspn. cinnamon to the ingredients set aside and sprinkle over the top of cakes and bake. Do not remove from pan while hot; let cool first.—
MRS. WM. H. WHITE, JR.

Home-made Biscuit

Four quarts flour; one cup sugar; two tablespoons lard; small tablespoon salt; nutmeg to taste; one quart of scalded milk and water, or all milk. Raise 'em The FUL-O-PEP Way

The Ful-O-Pep Way of Feeding chicks has changed the old expensive "grain feeding way" and has proven to poultry raisers that the old method of grain feeding is all wrong. The Ful-O-Pep Way of feeding

Gives You 1 Pound of Gain at Cost of 2 Pounds of Feed

instead of only 1 pound of gain to each 4 pounds of feed, which is the basis of figuring cost of production arrived at by experiment stations covering several years experiments with grain feeding. Why continue to feed this old expensive way when The Ful-O-Pep Way will give you the same gains with only half the feed?

FUL-O-PEP GROWING MASH

Costs Less Per Pound of Gain Made Than Any Other Feed

The Ful-O-Pep Way consists of feeding Ful-O-Pep Growing Mash from the very start—continuously keeping it before your birds all the time. Ful-O-Pep Growing Mash, because of the high feeding value of its Oatmeal, fish and bone contents goes twice as far as grain feeds—every ounce is digested by chicks' delicate digestive organs—there is no waste and when compared with results cost only half as much in pounds of feed consumed for gains in pounds of meat produced. Furthermore, your losses from bowel and digestive troubles that arise from feeding hard indigestible grains, will be very much less and your flock will be of even growth and development. Give The Ful-O-Pep Way a trial this season—it will reduce your feed costs and materially increase your profits.

Starting a Bank Account

IT is no more trouble to open a bank account than to buy a pound of nails. Come in and say to any employee or officer of the bank: "I want to open an account." Tell the man in the cage how much you want to start the account with. He will enter the amount of your deposit in a pass book, give the book to you with a supply of deposit slips and bank checks, and will ask you to write your name on a card so that your signature can be verified in the future.

All this will not take more than a few minutes, and you will have facilities for saving money and taking care of it that are unknown to the person who is not a bank depositor.

Every woman should have a bank account, and pay her household bills by check.

In cooking rice do not put it into double boiler and cook slowly into a pasty mass, but after cleansing it throw it into rapidly boiling water, salted, and keep it boiling furiously for thirty minutes. Drain in a colander and place in the oven a few minutes.—MRS. H. R. JOHNSON.

Cocoa Syrup

Dissolve 2 cups of sugar in 2 cups of water and boil 5 minutes. Mix 1 cup of cocoa with hot water to make a paste and add to the boiling water and sugar. Boil slowly 10 minutes and add $\frac{1}{2}$ teaspoon salt. Cool, bottle and keep in the refrigerator or cool place. One teaspoon of this syrup to a cup of hot milk or boiling water will make a rich cup of cocoa instantly or added to iced milk or water will make a delicious summer drink.—MRS. GEORGE W. HELLINGS.

"Luncheon Special" Sandwich

One slice of bread, buttered, 2 slices of tomato, 2 slices of bacon. Cover this with grated cheese and bake in a hot oven until bread is toasted, tomato cooked and cheese melted. Serve hot.—MABEL HALDEMAN.

Marguerites

Boil together 1 cup sugar, and $\frac{1}{4}$ cup water. Remove from fire when thick enough to form a ball in cold water. Stir into the beaten white of an egg, and, still stirring, add about 1 cupful of rolled or chopped peanuts, and beat until creamy enough to spread on small sweet crackers. If filling gets hard too quickly, set dish in hot water.—BERTHA HALDEMAN.

Tea Punch

Pour 1 qt. boiling water over 4 teaspoonfuls good tea. Cover, and leave 5 minutes, then strain and cool. Half fill a bowl with cracked ice, add 1 cup sugar, and juice of 4 lemons. Pour tea over this, add $\frac{1}{2}$ pt. water and a little mint.—MRS. A. B. STEVENSON.

Orange Frost

Grated rind of one orange, $\frac{1}{2}$ tsp. lemon juice, 1 tblsp. orange juice, let stand 15 minutes, strain; beat 1 egg yolk, add fruit juice and confectioners' sugar, then sugar to spread.—MRS. L. F. PEARSON.

Pudding

Two eggs, 1 cup milk, $\frac{1}{2}$ tsp. salt, 1 tblsp. butter, $1\frac{1}{2}$ cups flour, 1 tsp. Rumford baking powder, pinch of salt. Mix in order given, turn into shallow pan, put fruit over top, press in and sprinkle with tblsp. of sugar. Bake thirty minutes in moderate oven. Serve hot with sugar and cream.—MRS. RAYMOND SLIGHT.

Suabian Dumplings

Sieve about 1 qt. flour; add 2 eggs (beaten), 1 pt. milk and a little salt, and beat well. Have water boiling, salted to taste. Take sharp knife, dip in hot water, and cut dough nicely in dumpling size. Take half the dumplings, boil about 15 minutes and dip out. Then boil other half about 15 minutes. After all are done, mix lard and butter and bread crumbs, and sprinkle over the platter.—MRS. A. ARENZ.

Pumpkin Pie

Cut pumpkin in small pieces without peeling and boil till very well done, press through a sieve and continue cooking slowly till quite dry. For one pie take 1 cup pumpkin, pour over it 1½ cups scalding milk, add 2 tblsps. butter, 2 tblsps. brown sugar, ½ cup honey, 2 eggs, ½ tsp. ginger, ¼ tsp. cinnamon, salt. Bake in rich crust slowly about 1 hour.—A FRIEND.

Chili Con Carne

Cut 1 pound of round steak into inch cubes. Chop 2 medium-sized onions fine. Brown the steak and sauté the onions, until soft and yellow, in bacon fat. Place in a saucepan with 1 pint of water and add 2½ cupfuls of canned kidney beans, 2 cupfuls of canned tomatoes, 1 tsp. of salt, ½ tsp. of paprika, and 1 tblsp. of chili powder, the latter dissolved in 1 cupful of hot water. Simmer gently for 3 hours, replenishing the liquid if necessary.—MRS. LUCILLE S. SHEPARD, of Texas, in *Good Housekeeping*.

Toasted Bread

Dry bread, then toast over hot coals. Butter and place in oven a few minutes before serving.—MRS. C. R. BRUMFIELD.

Boston Cream Pie

One-quarter cup of fat, 1 egg yolk, 1 cup granulated sugar, 1 cup sweet milk, 2 cups flour, 3 tsps. Rumford baking powder, 1 egg white, salt.

Chocolate Filling for Pie—One-half cup flour, ½ cup cold milk, 1 cup scalded milk, 2 ounces chocolate, ½ cup sugar, 1 egg and 1 yolk, ¼ cup sugar, salt and vanilla.—MRS. A. W. GEIGER.

Cheese-Pepper Sandwich Filling

Put ½ lb. cheese, 1 red and 1 green pepper through grinder. Add ½ teaspoonful of mustard, 2 tablespoons of mayonnaise dressing, 1 tablespoonful of butter. Mix thoroughly, salt to taste. Good for bread or crackers.—LEONA V. HOWARD.

Frozen Custard

Beat yolks of 2 eggs very light, add 1½ cups sugar, and 1 qt. milk which has been brought to a boil. Put in upper part of double boiler and add 1 tblsp. Knox Gelatine (which has been softened in a little cold milk, and then dissolved over steam). Let boil till slightly thickened. Cool and just before freezing add 1 pt. cream and flavor with vanilla.—EVA M. DUFFIELD.

Fruit Sherbet

One-half envelope Knox Sparkling Gelatine (scant measure), 1½ cups sugar, 1 orange, 3 cups rich milk, 1 lemon. Grate the outside of both orange and lemon. Squeeze out the juice and add to this the sugar. Soak the gelatine in part of a cup of milk for five minutes, and dissolve by standing in pan of hot water. Stir into the rest of the milk. When it begins to freeze add the fruit juice and sugar, and fruit of any kind if desired. This makes a large allowance for five persons.

Orange Sherbet

Six oranges, juice only; 2 lemons, juice only; 1 qt. of water, 1 pt. of sugar, white of 1 egg. Boil sugar and water together for 10 minutes. When cool add the juice and strain all into the freezer; add the whites of the egg, beaten slightly, and freeze as ice cream. If a pink sherbet is desired add enough juice of canned cherries to color.—MRS. A. B. ALLEN.

“Valley View” Potato Salad

Boil one doz. medium-sized potatoes, pare, and slice, cut 1 stalk of celery, 2 onions, and 1 sweet green pepper into small pieces and mix with potatoes while latter are warm. Add salt, pepper, sugar, vinegar, three tbsps. of pure olive oil. Mix well and set aside to cool.—MRS. R. G. W.

Kensington Snapper Soup

Place meat and shell of a six pound snapper into a boiler, and cover with cold water, add salt, pepper, 2 onions, 1 stalk of celery (cut into small pieces), boil all until meat is tender. Then pick meat from shell and bones, placing meat back again in stock. Add six medium-sized potatoes diced. Add sweet marjoram, allspice and cayenne pepper. The secret of good snapper soup is to have it well spiced. Mix ½ cup browned flour with sufficient cold water and add to boiling soup. Also add ¼ pound butter shortly before serving. If desired, pie-dough dumplings can be added.—R. J. W.

Club House Stew

Boil 1 chicken quartered, and 2 lbs. of lean stewing beef cut into small pieces, adding 6 potatoes diced, 2 onions, 2 tomatoes, 2 stalks of celery (cut into small pieces), 1 pint of lima beans, salt and plenty of pepper. For camping parties there is nothing better.—R. J. W.

In Appreciation

The Women's Committee of the Willow Grove Memorial Hall Building Fund herewith tenders a very hearty "Thank You" to all those who have helped in any way to make this little volume such a great success, both as a culinary text-book and as a financial undertaking.

We include in this expression of gratitude even our long list of advertisers, although we are giving them full value for every dollar received. Our first edition of two thousand books will be greeted with many advance orders and prospects are very rosy for a largely increased output, which will go into homes scattered over the entire Philadelphia suburban section.

We make a Very Special Bow to the Good Housewives of Willow Grove for the toothsome recipes submitted—to Mrs. Edgar M. Davenport, our former Committee Secretary, for much preliminary typing—to Mr. J.
